### Supersession Statement

This PI was superseded to update the help desk phone number. Please discard PIT3532B.

### Correction

#### SERVICE VME

This PI is for all Pontiac, Chevy, Saturn and Buick dealers regarding power sliding doors on Montana SV6, Uplander, Relay, and Terraza. Several of you have asked for more details on the new power sliding doors. We featured this earlier on an Emerging Issues IDL. This broadcast can still be accessed in a streaming video format from GM training if you have high speed internet. Log on to the GM training website at [www.gmtraining.com](http://www.gmtraining.com) From the menu screen select the service know how tab, click the launch TECHAssist link In the TECHAssist window, click the Service know how library search engine icon When the video search page appears, you can launch entire video programs, or search for specific content in the left window. If you have questions contact the GM training help desk at 888-748-6322. Course number: 50250.20T1
