Dear Valued Customer,

We are sending this bulletin to advise you of a product issue involving a limited number of the above-mentioned Purolator cartridge oil filters.

### Product Concern:

A limited quantity of Mexico manufactured cartridge oil filters with part number L36296 and TL36296 and filter date code 08/28/25 through 12/23/25 (which corresponds to August 28, 2025, through December 23, 2025) may be difficult to install. To ensure customer satisfaction, we are recommending the aforementioned Mexico produced products no longer be sold. Filters that have already been successfully installed will function properly and are excluded from this fit concern. Purolator supplied L36296 and TL36296 filters manufactured in other locations are also excluded from this fit concern.
