

## HVAC VENT REGISTER DAMAGE

### Concern:

- HVAC dash registers are being replaced under warranty.
- Inspection of returned parts show signs of outside abuse and damage.

### Status:

- Damage due to abuse or external devices being inserted into or clipped on the vent registers is not a manufacturing defect and as such, not covered by warranty.
- Damaged vents should be inspected for abuse and outside influence before claiming under warranty.
- If a vent register replaced under warranty is returned and found to be damaged from abuse or outside influence, the claim will be subject to audit/ debit.
