

PAB1175: LOWER FAIRING AND TOUR-PAK SPEAKER CONFIGURATION

Reason for Revision

Refer to Table 1.

Table 1. Document History

Date	Rev	Revision (Rev) Description
2026-01-23	-	Initial release

Purpose for Parts and Accessories Bulletin

This bulletin informs dealers that due to a delay in the release of Skyline™ OS software version (260005054D), the installation of Parts and Accessories (P&A) audio speakers in the Fairing Lower and Tour-Pak will require an amplifier update to software version (1610). Refer to: Infotainment Support Resources

Digital Technician II (DT II) is required for proper configuration. See Figure 1.

Vehicles Affected

2023: CVO Street Glide (FLHXSE), CVO Road Glide (FLTRXSE)

2024: CVO Road Glide ST (FLTRXSTSE), CVO Street Glide (FLHXSE), CVO Road Glide (FLTRXSE), Street Glide (FLHX), Road Glide (FLTRX)

2025: CVO Road Glide RR (FLTRXRRSE), CVO Road Glide ST (FLTRXSTSE), CVO Street Glide (FLHXSE), CVO Road Glide (FLTRXSE), Street Glide (FLHX), Road Glide (FLTRX), Street Glide Ultra (FLHXU)

2026: CVO Street Glide Limited (FLHXSE), CVO Road Glide ST (FLTRXSTSE), CVO Street Glide ST (FLHXSTSE), CVO Street Glide (FLHXSE), Street Glide (FLHX), Road Glide (FLTRX), Street Glide Limited (FLHXL), Road Glide Limited (FLTRXL)

Markets Affected

All markets affected.

Summary

1. Confirm Infotainment Control Unit (IFCU) software if (4125) or newer.
2. If installing P&A audio speakers in Fairing Lowers or Tour-Pak, confirm Amplifier software version:
 - a. **IFCU Navigate:** SETTINGS > SOUND > SPEAKER SETUP > DEVICE STATUS > SHOW INFO
3. If amplifier software version is (1540) or earlier, it will need to be updated to (1610). Refer to: Infotainment Support Resources
4. Speaker configuration in the IFCU will not be possible if IFCU software is (4125) or earlier. Speaker configuration will need to be done through DT II.
 - a. **DTII Navigate:** VEHICLE SETUP > IFCU CUSTOMIZATION > IFCU CONFIGURATION
5. If amplifier software has been updated (1610) and IFCU software is (5054D) or newer, speaker configuration can be completed in DT II or IFCU.
 - a. **DTII Navigate:** VEHICLE SETUP > IFCU CUSTOMIZATION > IFCU CONFIGURATION
 - b. **IFCU Navigate:** SETTING > SOUND > SPEAKER SETUP

Questions

Contact Technical Service with any concerns regarding application. Direct all other questions to the Dealer Services Representative.
