**Subject: 2026 Outlander & Outlander Plug-in Hybrid Technical Training Update**

The Mitsubishi Motors Technical Training Team is pleased to announce the launch of the eLearning course for the 2026 Outlander & 2026 Outlander Plug-in Hybrid.

This course details the latest updates to both the 2026 Outlander and Outlander Plug-in Hybrid. The training covers the following key topics:

- Model Trims and SAM's (Special Action Models)
- Color Line-up
- Interior Options
- Drivetrain
- Mild Hybrid 48V System
- Automatic Stop & Go (AS&G)
- PHEV advancements

Please note, this training does not cover the new CVTX installed in the 2026 Outlander. A separate eLearning module will be released to address advancements in CVT technology. Mitsubishi Technical Training remains committed to providing dealer personnel with current training materials to support effective diagnosis and repair.

Thank you for your attention to this matter.
