Service Action: Water Drain	It has been established that the water drain in the right front end area is inadequate. Water at the right front end may not drain off properly. This can result in various Check Control messages and the failure of various systems (e.g. Park Distance Control (PDC), Dynamic Stability Control (DSC), window washer system). We would therefore like to optimize the water drain. Contact authorized BMW center at your earliest convenience to get your vehicle repaired for FREE. Dealer locator: bmwusa.com/dealer.	Service Action: Water Drain. Contact an authorized BMW center at your earliest convenience to get your vehicle repaired for FREE. Dealer locator: bmwusa.com/dealer	Service Action: Water Drain.
