

Title: TSB 25-2422

2025 Explorer/Aviator/Nautilus - Multiple Driver Assistance Warning Messages Displayed In The IPC With DTC U023A Stored In The PSCM And ABS Module

Text:

This article supersedes TSB 25-2372 to update the vehicle symptoms. Some of the vehicles listed in the Model statement above may exhibit all of the following symptoms: * Multiple driver assistance warning messages displayed in the instrument panel cluster (IPC). * Diagnostic trouble code (DTC) U023A stored in the power steering control module (PSCM) and ABS Module. The vehicle may also exhibit all equipped IPMA related driver assistance features simultaneously inoperative, such as pre-collision assist, blind spot information system (BLIS), cross traffic alert (CTA), BlueCruise, park assist, 360 camera, and adaptive cruise control. This may be due to software in the image processing module A (IPMA).
