PLEASE KEEP THIS LETTER IN THE GLOVEBOX OF THE VEHICLE

March 25, 2026

Dear Kia Sorento, Sorento Hybrid (HEV), or Sorento Plug-in Hybrid (PHEV) Owner:

Kia America, Inc. takes pride in providing you with high-quality and dependable vehicles. In order to maintain these standards, Kia is extending the New Vehicle Limited Warranty coverage, to all owners, for repairs related to the horn assembly in certain 2021-2025 MY Sorento, 2021-2025 MY Sorento Hybrid (HEV), and 2022-2025 MY Sorento Plug-in Hybrid (PHEV) vehicles from 5 years / 60,000 miles to 10 years / 120,000 miles, whichever comes first, starting from the date the vehicle was first put into service. This warranty extension is to address a horn sound malfunction condition free of charge at no cost to you.

Warranty Extension Coverage:

- If, at any time within the extended warranty period, your vehicle's horn does not emit any sound or emits an unusual or different horn sound than normal, your authorized Kia dealership will diagnose the cause free of charge at no cost to you.
- If the above symptoms are diagnosed as being due to corrosion inside the electric horn and/or carbonization of the contact point, your Kia dealer will **replace the horn assembly free of charge at no cost to you** under this warranty extension.
- If diagnosis reveals that your vehicle's horn concern is not caused by corrosion inside the electric horn and/or carbonization of the contact point, any necessary repairs will NOT be covered under this warranty extension and your dealer will advise you what the associated repair cost(s) will be if no warranty coverage applies.
- This extension to Kia's New Vehicle Limited Warranty does not alter the limitations and exclusions contained in that New Vehicle Limited Warranty including abuse, neglect, or external damage.

What Should You Do?

- Unless your vehicle's horn does not emit any sound or emits an unusual or different horn sound, you DO NOT need to bring your vehicle to a Kia dealership for the purpose of this warranty extension.
- However, if you do experience the above concern, please contact an authorized Kia dealership as soon as possible to make an appointment to have your vehicle diagnosed free of charge at no cost to you.
- To find your nearest dealer, visit www.kia.com and click the "Find Dealer" button in the upper right corner ("Dealers" on a mobile device).
