Prepare

1. Open the doors with the key fob or with the door button.
2. Put tape around the seat emblem.
3. Make a 50/50 mixture of isopropanol and water in a clean container.

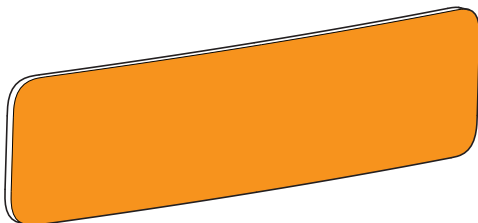

Replace the Tape

CAUTION

Do not use sharp or hard tools to remove the emblem. This can cause scratches or other damages.

1. Use a fishing line or equivalent to carefully remove the emblem from the seat.
2. Remove and discard the double-sided tape from the back of the seat emblem.
3. Use the prepared mixture to remove the glue from the back of the seat emblem and the seat.
4. Use a scrub sponge to make the back of the seat emblem rough.

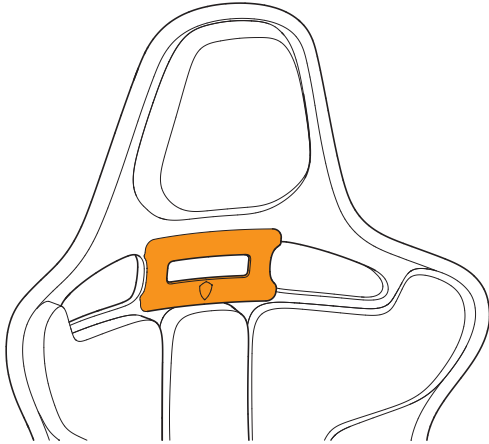

5. Use the prepared mixture to clean dust from the back of the seat emblem.

6. Align the template with the seat and attach it with masking tape.

Tool: 1038996

CAUTION

Make sure that there is no contamination on the contact surface of the seat emblem. If the seat emblem has contamination, the tape will not bond correctly.

CAUTION

Make sure that the double-sided tape is on the seat emblem and does not extend outside of the shape. If the tape is outside of the shape, the emblem will not bond correctly. The emblem can come off easily.

7. Put double-sided tape on the back of the seat emblem.

Part: 1096707

8. Use the template to correctly apply the door emblem.

9. Apply pressure along the emblem to make sure that it is attached to the seat.

10. Remove the masking tape together with the template.
