Dear Mazda Dealer Colleagues,

Mazda Motor Corporation has made a change regarding related parts to TSB 01-001/26 which also impacts Warranty Extension Special Service Program (SSPD8).

Parts Ordering and Warranty Claims: Effective March 5, 2026 only the related parts kit PYY2-15-SAY can be ordered and claimed for any repair. The two separate parts PYFB-15-169 and PE13-15-296 can no longer be claimed with repaired dates of March 5, 2026 and later. There is no change to the main part, the Plug PYY3-15-SA1. We have updated the TSB 01-001/26 and SSPD8 Repair Procedure and Parts & Warranty Information on Mazda Global Service Support (MGSS) to reflect this change.

To help you effectively perform these repairs, Mazda has developed the following resources:

1. Repair Procedures & Parts and Warranty information (one document) are available on MGSS.
2. For Warranty questions, please contact the Warranty Hotline at warrantydept@mazdausa.com.
3. For parts related questions, please contact the Corporate Dealer Assistance Group at corpdag@mazdausa.com or by calling (877) 727-6626, Option 2.
4. For SSP related questions, please fill out the Dealer Recall Help Form located on [OneMazda](#).

Please make certain the appropriate personnel in your dealership are aware of these resources and are familiar with the details of this warranty extension program SSP before responding to customer inquiries.

We apologize for any inconvenience this program may cause you and your customers. Your understanding and support in carrying out this SSP is greatly appreciated.

Sincerely,

Mazda North American Operations
