

WTB1 Workshop Campaign - Re-program DME control unit

WTB1 Workshop Campaign - Re-program DME control unit

ID Number	WTB1
Model(s)	Cayenne Turbo E-Hybrid (9YA / 9YB)
Model Years(s)	2024 - 2026
Number of Affected Vehicles	1,801
VIN List	Attached Below
Issue Description	<p>There is a possibility that, under certain preconditions, yellow warning messages "All-wheel drive system faulty", "transverse lock faulty" and "Porsche Stability Management failed" can be intermittently displayed on the instrument cluster on the affected vehicles due to an overly sensitive diagnosis of the DME control unit.</p> <p>To prevent this from happening, the DME control unit in the affected vehicles must be re-programmed with an optimized data record.</p>
What should Porsche Centers do?	<p>Please arrange for the measure to be carried out on affected vehicles as soon as possible.</p> <p>As of the time of this posting (3/23/2026) the remedy is immediately available.</p>
Parts Status	Status 0 - No parts needed to complete campaign
TI	WTB1

Required software

Porsche Tester 4 test software release	44.000.000 (or higher)
--	------------------------

If other programming campaigns that affect the same control unit and entail an identical procedure are open on a vehicle in addition to this campaign, the affected control unit only needs to be programmed once using current Porsche Tester test software.

Please proceed as follows for the campaigns that have not been carried out:

- Mark the campaign as 'cannot be carried out' with the reason "Modification of the affected component" in PQIS. The "Warranty relevance" flag must be activated in order to be able to set a warranty claim and close the campaign.
- A warranty claim must be submitted for the campaign in which 0 time units is entered as the specified labour time and no material items are specified.

Warranty processing

Validity:

The present workshop campaign is carried out by the date maintained in PCSS and then closed.

Please note that warranty claims can only be processed up to this date.

Scope 1:

Damage Number	WTB1 66 000
Repair Code	1
Working time	61 TU

Please enter the campaign carried out in the Warranty and Maintenance logbook for the vehicle.
