Are you a California registered owner?

The California Air Resources Board requires that **emissions related campaigns, such as this, be completed prior to annual vehicle registration renewal**. Without repair, you may not be able to complete your vehicle registration and obtain a license tag. Once this repair has been completed, your Hyundai dealer will provide a "Proof of Correction Certificate." The California Department of Motor Vehicles (DMV) may request this Proof of Correction Certificate during your next vehicle registration. This certificate should be kept with your vehicle records thereafter.

Are you a registered owner in Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, or Washington?

Because your state has adopted the California emissions regulation, your Hyundai dealer will also provide a "Proof of Correction Certificate" once this repair has been completed. Your state's Department of Motor Vehicles, Department of Transportation, Motor Vehicle Administration, Motor Vehicle Commission or Department of Licensing may request this Proof of Correction Certificate during your next vehicle registration. This certificate should be kept with your vehicle records thereafter.
