

## GPOP - Issue Review System

**Part Number:** 68476797A\$

**Part Description:** 12v Power outlet

---

**Issue Description:** If the 12v power outlet is inoperable or appears to have over heated, please confirm with the customer by asking the following questions:  
1.- Which device was connected to the outlet when or before the issue appeared 2.- For how long was the device connected before the power outlet stopped working?
