Compliance Recall 26C10 - Trailer Module

Integrated Trailer Module

As a reminder, ensure you have a recurring Software Update schedule set in order to receive important updates for your vehicle. Visit the Software Update settings in-vehicle or on your mobile app.

1

ITRM-26.A04

We have updated your vehicle's Trailer Module software, which will prevent the loss of your trailer's brake lamps and turn signal indicators, as well as the loss of function of the trailer's brakes (if equipped). This completes Compliance Recall 26C10. No further action is required.
