GT GC Center Console Lid Replacement

DATE: April 29, 2026

This bulletin informs the Maserati network that the center on certain models is now available as an individual service replacement, eliminating the need to replace the complete central tunnel assembly.

MODELS AFFECTED: GranTurismo M189 and GranCabrio M190 (ALL MY)

Operational Description

An updated component breakdown now allows the center console lid to be replaced as a separate service part. This change eliminates the need to replace the complete center console assembly when servicing the armrest.

Available Service Part

The following component is now available as an individual spare part:

- **Central Console Armrest**
 - Listed as **Component #9**
 - Refer to **Section 09.51-1** of the Spare Parts Catalog

Important:

Always verify correct part applicability by consulting the **latest version of Technical Documentation**.

Workshop Procedure

The official replacement procedure is already published in the Technical Documentation:

- **Procedure #9.51.018** *Tunnel Storage Compartment Lid – Removal/Refitting or Replacement*
- **Special Tools Required:** None.
