VOLUNTARY SERVICE CAMPAIGN

April 17, 2026

Dear Kia Carnival Vehicle Owner:

Kia America, Inc. is conducting a Voluntary Service Campaign on certain 2025-2026 MY Carnival vehicles to inspect the oil level plug and automatic transmission fluid (ATF) for signs of leakage and, if necessary, replace the oil level plug gasket and ATF filler bolt and ensure the oil level plug is tightened to Kia's factory specifications. If necessary, the 8-speed Automatic Transaxle (A/T) may require replacement based on the inspection results. Our records indicate that you own or lease one of the potentially affected vehicles.

Why is Kia Conducting This Service Campaign?

The oil level plug in your vehicle may not have been installed properly during assembly. The oil level plug may be loose or detached from the 8-speed Automatic Transaxle (A/T) which may result in leaking automatic transmission fluid (ATF). A transaxle which is operated with excessively low ATF may become damaged over time.

What Will Kia Do?

Kia dealers will inspect the oil level plug for proper assembly and any signs of ATF leakage. If necessary, dealers will replace the oil level plug gasket and ATF filler bolt and ensure the oil level plug is tightened to Kia's factory specifications. **Depending on the results of the inspection**, the 8-speed Automatic Transaxle (A/T) may be replaced. This campaign will be performed **free of charge at no cost to you.**

What Should You Do?

- Please contact your Kia dealer to schedule a service appointment at your earliest convenience. The time required to perform the campaign can vary depending on the dealer's work schedule, so a service appointment is an important way of minimizing your inconvenience.
