

April 21, 2026

ATTENTION: ALL DEALER PARTS & SERVICE MANAGERS

Kia is extending the New Vehicle Limited Warranty coverage to all owners for certain repairs related to the Integrated Charging Control Unit (ICCU) in 2022-2024 MY EV6 vehicles manufactured from November 17, 2021 through July 22, 2024, from 10 years / 100,000 miles to 15 years / 180,000 miles, whichever comes first, starting from the date the vehicle was first put into service. This warranty extension is to address concerns involving the ICCU, which may result in the difficulty or inability to charge the subject vehicles using Level 1 or Level 2 AC charging and/or inability to use the Vehicle-to-Load (V2L) function to supply AC electric power to external electronic products.

If, at any time during the extended warranty coverage, the customer experiences difficulty or inability to charge the vehicle using Level 1 or 2 AC charging, inability to use the Vehicle-to-Load (V2L) function, and/or a "Check electric vehicle system" warning message is displayed, Kia authorizes its dealers to diagnose the cause free of charge at no cost to the customer.

If the above symptoms are diagnosed as being caused by an ICCU malfunction, Kia authorizes its dealers to replace the ICCU and/or ICCU fuse free of charge at no cost to the customer under the terms of this warranty extension.

NOTE: Other diagnosed ICCU issues related to DTC P1A9096 are covered under the terms of safety recall SC327.

This is **NOT** a service campaign that requires a repair for all eligible vehicles. Dealers should not perform any diagnosis or repair under this warranty extension program unless the customer experiences difficulty or inability to charge their vehicle using Level 1 or 2 AC charging, inability to use the Vehicle-to-Load (V2L) function, and/or receive a "Check electric vehicle system" warning message. Proof of customer complaint or condition may be required.

NOTE: This extension to Kia's New Vehicle Limited Warranty does not alter the limitations and exclusions contained in that New Vehicle Limited Warranty including failure of the causal part due to abuse, neglect, or external damage to the related components.

The Technical Service Bulletin (TSB) that provides vehicle repair procedures will be posted on the Kia Global Information System (KGIS) at www.kiatechinfo.com, and the Warranty Bulletin describing this warranty extension will be posted on dealer.kia.com on or around **April 21, 2026**.

NOTE: Until the TSB for this warranty extension becomes available, dealers are to perform the diagnosis and repair as necessary on any affected vehicles under Kia's factory warranties. If a subject vehicle falls outside of its warranty (either by time or mileage), dealers are to perform the diagnosis and repair under goodwill to ensure that the diagnosis and repair of the symptoms covered under this warranty extension program are free of charge to the customer.

OWNER NOTIFICATION

Kia will notify owners advising them of the Warranty Extension Program beginning on **April 22, 2026**. Note that owners who have incurred expenses to remedy this issue prior to the date of this notice may have the opportunity to obtain reimbursement for that expense by submitting receipts online to Kia via <http://customer.kiausa.com> or by mailing the Request for Reimbursement Form along with their documentation to Kia for review and consideration.

LEGAL PRIVACY LIABILITY NOTICE: Pursuant to the terms of the Dealer Sales and Service Agreement and the Gramm-Leach-Bliley federal consumer privacy act, you are required to keep confidential any and all information and documents provided to you by Kia America, Inc. or generated by you in the conduct of carrying out work under that Agreement regarding Kia vehicle purchasers and owners, including but not limited to warranty claim information. Kia dealers may use such owner information for the sole purpose of conducting and performing this warranty extension campaign, and for no other purpose.

If you have any questions, please contact your Kia District Parts & Service Manager.

Sincerely,

Kia Service Department
