

ConMet Quality Alert -- ABP 10045888 -- Seal Service Kit

Communication Type: PDC

Date: 4/10/2026

Dear Valued Partner,

Daimler Truck has been notified of a potential quality issue involving Seal Service Kit **ABP 10045888**, supplied by ConMet, with a build date of February 3, 2026.

Action Required – Check Your Inventory

- The part number printed on the outside of the box is correct: **ABP 10045888**.
- However, the **physical part inside the box may be incorrect** and marked with **part number 10045889**.
- The **correct part number should be 10045888**.

Return Instructions

- Please **return any inventory containing the incorrect part number 10045889**.

Return to Facing PDC

- File a **PAR** with your **Facing PDC** using **Item Category ZFR3 (Vendor Return)**.
- Please attach this Quality Alert to your PAR.
- Once the Facing PDC receives the returned material, **credit will be issued**.

APC Ticket Guidance

Submit an **APC ticket only if**: Credit is **not issued within 48 hours** after the PDC receives the return, **and** you have **not received a request for additional information** from the PDC.

Identification Note

- The **date code 02/03/2026** identifies the **incorrect part**.

We appreciate your support and understanding as we work to resolve this issue promptly.

Thank you,

AMS Distribution
