Subject: **Parts Update - F25 Air Bag Module Service Actions**

Service Actions B65 05 26 (Replace PSDI-X Driver's Air Bag Module) and B65 06 26 (Replace PSPI-X Passenger's Air Bag Module) are temporary campaigns to collect sample parts from specified vehicles.

All VINs are set to Remedy Status Red X, and all involved part numbers are blocked.

Please do not submit Recall IDS Tickets, Blocked Parts IDS Tickets, or ETA IDS Tickets.

Only schedule appointments based on parts currently in stock at your Center. Some parts are in transit; others have no ETA. Backorders will be canceled once the Service Action is closed.

These Service Actions will close as soon as the required number of parts are collected. Once closed, no further action is required on these vehicles for these campaigns.

Thank you for your immediate attention and cooperation.

Sincerely,

Parts logistics
