
Item: TB260.1

Description: Big End Bearing Shells

Model Affected: Tiger 1200 GT, Tiger 1200 GT Pro, Tiger 1200 GT Explorer, Tiger 1200 Rally Pro, Tiger 1200 Rally Explorer, Tiger 1200 Rally Black Edition, Tiger 1200 Alpine Edition, Tiger 1200 Desert Edition

We would like to inform dealers that the big end bearing shells for the models listed above have changed.

The original condition bearing shells colours were yellow, black and green.

The new condition bearing shells colours are red, white and blue.

The spares kit for the connecting rod assembly, will contain the red, white and blue bearing shells.

Use the table below to select the correct bearing shell colour.

Connecting Rod Big End Bore Diameter	Min	42.008	42.008	42.014	42.014
	Max	42.013	42.013	42.020	42.020
	Grade	1	1	2	1 or 2
Crankshaft Big End Journal Diameter	Min	39.000	38.992	39.000	38.992
	Max	39.008	39.000	39.008	39.000
Shell Colour		Red	White	Blue	

For instance:

Measurement	Cylinder One	Cylinder Two	Cylinder Three
