Chassis Advisory Notice 26-016
IMPORTANT FORD CHASSIS RECALL INFORMATION
Ford Safety Recall 26C10 / 26V104

Name
Address
City, St. Zip

Dear Valued Dealer,

This notice is sent to your dealership to advise that Ford Motor Company has decided that certain 2021-2026 F-150, 2022-2026 Lightning, 2022-2026 Super Duty, 2022-2027 Expedition, 2024-2026 Ranger and 2026 Transit vehicles, including the VIN shown below, fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 108: lamps, reflective devices, and associated equipment.

On your vehicle it is possible that the trailer module (TRM) may lose communication at vehicle start-up. If a TRM loss of communication occurs and a trailer is connected to the vehicle, the trailer stop lamps and turn signal indicators will not function. Additionally, for trailers equipped with electronic trailer brakes, the trailer brakes will not function. This loss of communication can occur with-or-without a trailer connected to the vehicle and can only initiate at vehicle start-up. If this occurs, a "Trailer Brake Module Fault" notification will pop-up on the vehicle's instrument panel cluster. The vehicle brake and turn signal lamps will continue to operate normally and are not affected by this TRM fault. This may result in inoperable trailer brake lights, trailer turn signals and trailer braking functions that can reduce a driver's ability to control an attached trailer and make the trailer less visible to other drivers, increasing the risk of a crash.

Ford Motor Company has authorized your Ford dealership to reprogram your vehicle's TRM free of charge. Please call your Ford dealer without delay and request a service date for recall 26C10.

If you already had Ford recall 26C10 performed, disregard this Chassis Advisory Notice.

Please review the enclosed copy of the Ford Motor Company Recall Notification Letter. If you have questions about this recall, contact the Ford Recall Assistance Center (RAC) at 1-866-436-7332 or contact the Motorhome Customer Assistance Center toll-free at 1-800-444-3311.

Ford Motor Company Vehicle Identification Number: VIN

Thank you for your attention to this important matter.

Chassis Advisory Notice 26-016
IMPORTANT FORD CHASSIS RECALL INFORMATION
Ford Safety Recall 26C10 / 26V104

Name
Address
City, St. Zip

Dear Valued Customer,

This is a Chassis Advisory Notice from Jayco Inc. Ford Motor Company has decided that certain 2021-2026 F-150, 2022-2026 Lightning, 2022-2026 Super Duty, 2022-2027 Expedition, 2024-2026 Ranger and 2026 Transit vehicles, including the VIN shown below, fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 108: lamps, reflective devices, and associated equipment.

On your vehicle it is possible that the trailer module (TRM) may lose communication at vehicle start-up. If a TRM loss of communication occurs and a trailer is connected to the vehicle, the trailer stop lamps and turn signal indicators will not function. Additionally, for trailers equipped with electronic trailer brakes, the trailer brakes will not function. This loss of communication can occur with-or-without a trailer connected to the vehicle and can only initiate at vehicle start-up. If this occurs, a "Trailer Brake Module Fault" notification will pop-up on the vehicle's instrument panel cluster. The vehicle brake and turn signal lamps will continue to operate normally and are not affected by this TRM fault. This may result in inoperable trailer brake lights, trailer turn signals and trailer braking functions that can reduce a driver's ability to control an attached trailer and make the trailer less visible to other drivers, increasing the risk of a crash.

Ford Motor Company has authorized your Ford dealership to reprogram your vehicle's TRM free of charge. Please call your Ford dealer without delay and request a service date for recall 26C10.

If you already had Ford recall 26C10 performed, disregard this Chassis Advisory Notice.

Please review the enclosed copy of the Ford Motor Company Recall Notification Letter. If you have questions about this recall, contact the Ford Recall Assistance Center (RAC) at 1-866-436-7332 or contact the Motorhome Customer Assistance Center toll-free at 1-800-444-3311.

*** IMPORTANT SAFETY RECALL ***

Compliance Recall Notice 26C10 / NHTSA Recall 26V104

This Notice Applies to Your Vehicle, Vehicle Identification Number (VIN): See Listing

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that certain 2021-2026 F-150, 2022-2026 Lightning, 2022-2026 Super Duty/Maverick, 2022-2027 Expedition, 2024-2026 Ranger and 2026 Transit vehicles, including the VIN shown above, fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 108: lamps, reflective devices, and associated equipment.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

On your vehicle it is possible that the trailer module (TRM) may lose communication at vehicle start-up. If a TRM loss of communication occurs and a trailer is connected to the vehicle, the trailer stop lamps and turn signal indicators will not function. Additionally, for trailers equipped with electronic trailer brakes, the trailer brakes will not function. This loss of communication can occur with-or-without a trailer connected to the vehicle and can only initiate at vehicle start-up. If this occurs, a "Trailer Brake Module Fault" notification will pop-up on the vehicle's instrument panel cluster.

The vehicle brake and turn signal lamps will continue to operate normally and are not affected by this TRM fault.

What is the risk?

This may result in inoperable trailer brake lights, trailer turn signals and trailer braking functions that can reduce a driver's ability to control an attached trailer and make the trailer less visible to other drivers, increasing the risk of a crash.

What will Ford and your dealer do?

Software is available to repair your vehicle. Ford Motor Company has authorized your dealer to reprogram your vehicle's TRM free of charge.

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do?

Please call your dealer without delay and request a service date for Recall 26C10. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

Ford has not issued instructions to stop driving your vehicle under this compliance recall. You should contact your dealer for an appointment to have your vehicle remedied as soon as practicable.

If you do not already have a servicing dealer, you can access ford.com/support for dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this compliance recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

What should you do?
(continued)

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

NOTE: You can receive information about Recalls and Customer Satisfaction Programs through our Ford App. The app can be downloaded through the App Store or Google Play. In addition, there are other features such as reserving parking in certain locations and controlling certain functions on your vehicle (lock or unlock doors, remote start) if it is equipped to allow control.

Mobile Service

Ford Mobile Service is offered by participating dealers, contact your dealer for details.

Pickup and Delivery

Complimentary vehicle Pickup & Delivery service may also be available upon request through participating dealers. Your dealer will pick up your vehicle and return it with the repair completed.

Have you previously paid for this repair?

If you have previously paid for a repair that addresses the issue described in this letter, you still need to have this recall performed to ensure the correct procedures were used.

You may be eligible for a refund of previously paid repairs. Refunds will only be provided for service related to reprogramming or replacement of the TRM due to trailer lights and/or trailer brakes not operating properly. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer.

Refund requests may also be sent directly to Ford Motor Company. To request your refund from Ford, send the refund request with all required documentation, including your original repair receipt (no photocopies), to Ford Motor Company at PO Box 6251, Dearborn, Michigan 48121-6251. Refund requests mailed to this address may take up to 60 days to process. Your original receipt will be returned to you.

Detailed information regarding eligibility for Ford's reimbursement program and documentation requirements may be obtained by contacting the Ford Recall Assistance Center at 1-866-436-7332.

What if you no longer own this vehicle?

If you no longer own this vehicle and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner or lessee.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

If you have questions or concerns, please contact our **Ford Recall Assistance Center (RAC)** at 1-866-436-7332 and one of our representatives will be happy to assist you. The RAC is open on weekdays from 8:30 AM – 7:00 PM (Eastern Time). TTY/TDD users, please contact the RAC at the number listed using the Telecommunication Relay Service by dialing 711.

If you wish to contact us through the internet, our address is ford.com/support.

If you are still having difficulty getting your vehicle repaired in a reasonable time or without charge, you may write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave. S.E., Washington, D.C. 20590 or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-888-275-9171) or go to NHTSA.gov. Reference NHTSA Safety Recall 26V104.

Thank you for your attention to this important matter.
