Chassis Advisory Notice 26-018
IMPORTANT FORD CHASSIS RECALL INFORMATION
Ford Safety Recall 26S27 / 26V235

Name
Address
City, St. Zip

Dear Valued Dealer,

This notice is sent to your dealership to advise that Ford Motor Company is recalling certain 2025-2026 F-53/F-59 Stripped Chassis vehicles, which were built on a chassis supplied by Ford, including the VIN shown below.

On your vehicle, the front axle hub assembly may be missing the spindle nut and cotter pin. A missing spindle nut and cotter pin may cause the wheel to loosen and contact the brake components or detach from the vehicle. This may result in a loss of braking performance or a loss of vehicle control, either of which increases the risk of a crash. You may experience warning signs such as wheel vibration, grinding noises, a change in steering feel, or the illumination of the anti-lock brake system (ABS) dash light. If you experience any of these warning signs, you can reduce the risk of a crash by stopping the vehicle safely and having the vehicle towed to your closest or preferred Ford dealer.

A Service Inspection and Repair is now available for your vehicle. Ford Motor Company has authorized your Ford dealer to inspect your vehicle's front axle spindle nuts and cotter pins free of charge. The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

Our records show the following unit is affected by this recall and is part of the current inventory at your dealership. Please call your Ford dealer without delay and request a service date for Recall 26S27. Provide the dealer with your VIN, which is printed at the bottom of this letter. Ford has not issued instructions to stop driving the vehicle under this safety recall. You should contact your Ford dealer for an appointment to have your vehicle remedied as soon as practicable. **If you already had the Ford recall 26S27 completed disregard this notice.**

Please review the enclosed Ford Motor Company Recall Notification Letter. If you have questions about this recall, contact the Ford Recall Assistance Center (RAC) at 1-866-436-7332 or contact the Motorhome Customer Assistance Center toll-free at 1-800-444-3311.

***** IMPORTANT SAFETY RECALL *****

Safety Recall Notice 26S27 / NHTSA Recall 26V235

Remedy is Available

2025 Motorhome Chassis

This Notice Applies to Your Vehicle, Vehicle Identification Number (VIN): 1F66F5DN4S0A03906

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in certain 2025-2026 F-53/F-59 Stripped Chassis vehicles, which was built on a chassis supplied by Ford, including the VIN shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? On your vehicle, the front axle hub assembly may be missing the spindle nut and cotter pin.

What is the risk? A missing spindle nut and cotter pin may cause the wheel to loosen and contact the brake components or detach from the vehicle. This may result in a loss of braking performance or a loss of vehicle control, either of which increases the risk of a crash. You may experience warning signs such as wheel vibration, grinding noises, a change in steering feel, or the illumination of the anti-lock brake system (ABS) dash light.

If you experience any of these warning signs, you can reduce the risk of a crash by stopping the vehicle safely and having your vehicle towed to your closest or preferred Ford dealer.

What will Ford and your dealer do? **A Service Inspection and Repair is now available for your vehicle.** Ford Motor Company has authorized your dealer to inspect your vehicle's front axle spindle nuts and cotter pins free of charge.

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do? Please call your dealer without delay and request a service date for Recall 26S27. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

Ford has not issued instructions to stop driving your vehicle under this safety recall. You should contact your dealer for an appointment to have your vehicle remedied as soon as practicable.

If you do not already have a servicing dealer, you can access ford.com/support for dealer addresses, maps, and driving instructions.

What should you do? (continued) Ford Motor Company wants you to have this safety recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.
Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

NOTE: You can receive information about Recalls and Customer Satisfaction Programs through our Ford App. The app can be downloaded through the App Store or Google Play.

Mobile Service Ford Mobile Service is offered by participating dealers, contact your dealer for details.

Pickup and Delivery Complimentary vehicle Pickup & Delivery service may also be available upon request through participating dealers. Your dealer will pick up your vehicle and return it with the repair completed.

Have you previously paid for this repair? If you have previously paid for a repair that addresses the issue described in this letter, you still need to have this recall performed to ensure the correct inspection for the spindle nut and/or cotter pin were used.

You may be eligible for a refund of previously paid repairs. Refunds will only be provided for service related to the inspection for the spindle nut and/or cotter pin inspection. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer.

Refund requests may also be sent directly to Ford Motor Company. To request your refund from Ford, send the refund request with all required documentation, including your original repair receipt (no photocopies), to Ford Motor Company at PO Box 6251, Dearborn, Michigan 48121-6251. Refund requests mailed to this address may take up to 60 days to process. Your original receipt will be returned to you.

Detailed information regarding eligibility for Ford's reimbursement program and documentation requirements may be obtained by contacting the Ford Recall Assistance Center at 1-866-436-7332.

What if you no longer own this vehicle? If you no longer own this vehicle and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner or lessee.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

If you have questions or concerns, please contact our **Ford Recall Assistance Center (RAC) at 1-866-436-7332** and one of our representatives will be happy to assist you. The RAC is open on weekdays from 8:30 AM – 7:00 PM (Eastern Time). TTY/TDD users, please contact the RAC at the number listed using the Telecommunication Relay Service by dialing 711.

If you wish to contact us through the internet, our address is ford.com/support.

MOTORHOME OWNERS: If you have questions or concerns, please contact our **Motorhome Customer Assistance Center toll-free at 1-800-444-3311**. Representatives are available 24 hours a day.

If you are still having difficulty getting your vehicle repaired in a reasonable time or without charge, you may write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave. S.E., Washington, D.C. 20590 or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-888-275-9171) or go to NHTSA.gov. Reference NHTSA Safety Recall 26V235.

Thank you for your attention to this important matter.
