

## Update Audio Profile

*This instruction refers to other documents that are necessary to do the procedure.*

### Situation

By having an ear to the ground, Koenigsegg has come to the conclusion that many of the Jesko owners value a detailed HiFi sound.

### Action

Update the sound profile in the Mosconi amplifier.

TOOLS	SPECIFICATION	QUANTITY
PC	Microsoft Windows	1
USB cable	USB A – USB Micro	1

### Prepare

1. Install Mosconi PICO 4/8 DSP Amplifier Software, refer to [SAH-00041](#).
2. Connect to the amplifier and make sure that it has the latest firmware, refer to [SAH-00042](#).

### Update Audio Profile

1. Download the latest audio profile **Production Jesko final 2 (trim top, push bottom)**, from the Service site **Tools & Software – Amplifier – Jesko, Mosconi PICO**.
2. Load the audio profile into the amplifier, refer to [SAH-00043](#).

### Warranty Information

If the repair is covered by the warranty terms, refer to Koenigsegg Warranty Process.

### OPERATION

KWO513221

### PART NO

Refer to the invoiced kit number (add on new lines)

### DISCARDED PARTS

Any discarded parts mentioned in the TSB must be returned or destroyed according to the Dealer Warranty Manual.
