**Customer States:**

The convenience key does not open the vehicle (static).

**Workshop Findings:**

It is possible to lock and start the vehicle using the convenience key.

**Technical Background**

The option **"Open with convenience key"** is deactivated in the MMI under the central locking settings.

**Production Solution**

Not applicable.

**Service**

Activate the option **"Open with convenience key"** in the MMI under the central locking settings.

Explain to the customer that they can activate/deactivate the option to open the vehicle using the convenience key in the MMI.

See the owner's manual in chapter **"Opening and closing--> Adjusting the settings for the central locking system"**.

**Warranty**

This TSB is informational only and not applicable to any Audi Warranty.

**Additional Information**

All part and service references provided in this TSB (**2077443**) are subject to change and/or removal. Always check with your Parts Department and/or ETKA for the latest information and parts bulletins. Please check the Repair Manual for fasteners, bolts, nuts, and screws that require replacement during the repair.
