

Condition

Model(s)	Year(s)	VIN Range	Vehicle Specific Equipment
Q6 e-tron, Q6 Sportback e-tron, SQ6 e-tron, and SQ6 Sportback e-tron	2025 2027	All	Not applicable

Customer states:

The customer complains about noises from the front end. These can be perceived as humming, droning, vibrating or whining noises. The vehicle is currently fitted with summer or all-season tires.

Workshop findings:

The complaint can be reproduced and can be attributed to the tires on the front axle.

The noise is due to typical tire cavity resonance. Please use TSB 2079696, *44 Whining noises at high speeds - toroidal resonance* to identify the noise precisely.

Technical Background

Noises may be generated in the tire due to air vibrating in the tire torus.

Production Solution

June 2026.

Service

If the complaint can be narrowed down to the front axle, the following part numbers are available for tire alternatives that can reduce the effects of the issue.

Size 20”:

Part number 85H601311F, EAN 8019227470512

Part number 85H601312H (all-season tires, only available for US market)

Note: Dealer Tire orders, please refer to the table below:

IP CODE	Size Description	IP CODE	Size Description
3806600	255/50R20 109H XL r-f SZROAS (RE0) elt	4705300	255/50R20 109H XL r-f SZROAS (RE1) ncs elt
3806700	285/45R20 112H XL r-f SZROAS (RE0) elt	3806700	285/45R20 112H XL r-f SZROAS (RE0) elt

For tire **size 21”** optimized components will be available from June 2026 onwards (simultaneous with production change).

No measures are generally intended for tire sizes 18" and 19" (usually no complaints made).

Note: If you are billing AoA according to the warranty guidelines, please review: [Warranty Claim Portal on Dealer Tire website.](#)
