99-052

Subject

Engine Model Year (EMY) 2026 PACCAR MX Operator's Manual Emissions Warranty Insert

Whats New Abstract

There is an update to the Base Emissions Warranty Limits table and general certification information in certain Engine Model Year (EMY) 2026 MX-11 and MX-13 Operator's Manuals.

Condition

A supplemental customer letter with the correct Base Emissions Warranty Limits table and general certification information is being provided to vehicle owners to be inserted into their operator's manuals.

Chassis Affected

Certain chassis equipped with an EMY2026 PACCAR MX-11 or MX-13 engine

Action

Informational

A supplemental customer letter with the correct Base Emissions Warranty Limits table and general

certification information is being provided for owners to insert into their operator's manual.

Current Warranty Table

Base Emissions Warranty Limits	
EPA Cert. Engine	5 years / 100,000 MI / 160,000 KM
CARB Cert. Or Legacy Engines	5 years / 350,000 MI / 560,000 KM

Updated Warranty Table

Base Emissions Warranty Limits		
Model Year	2026	2026
Engine Model	MX-11	MX-11
Family	TPCRH10.8 C21	TPCRH10.8 M21
Scope	(CARB + EPA) Legacy	(CARB + EPA) PACCAR 50-State
Emission Warranty	5 years / 350,000 MI / 560,000 KM	5 years / 100,000 MI / 160,000 KM

Base Emissions Warranty Limits			
Model Year	2026	2026	2026
Engine Model	MX-13	MX-13	MX-13
Family	TPCRH1 2.9C01	TPCRH1 2.9C21	TPCRH1 2.9M21
Scope	(CARB + EPA) Low Nox	(CARB + EPA) Legacy	(CARB + EPA) PACCAR 50-State
Emission Warranty	5 years / 350,000 MI / 560,000 KM	5 years / 350,000 MI / 560,000 KM	5 years / 100,000 MI / 160,000 KM

Updated General Certification Information

Your coverage differs by emissions certification

The emission system warranty applicable to your vehicle will vary depending upon which emissions certification was optioned at the time of purchase (PACCAR 50-State, CARB Low NOx, or CARB Legacy). The equipment and maintenance required to meet the differing regulation sets will vary accordingly, and with them - your warranty. The three regulatory standards the states apply are

- Legacy engines
- the California Air Resources Board (CARB)
- the Federal Environmental Protection Agency (EPA)

NOTE

Legacy engines are a provision intended to provide short term flexibilities for manufacturers to certify Heavy Duty Diesel Engines to the current less stringent federal exhaust emission standard for NOx and PM. The engine ID label will indicate which emissions regulation the engine is in compliance with (PACCAR 50-State, CARB Low NOx, or CARB Legacy).

CUSTOMER INFORMATION LETTER

This notice applies to your vehicle(s) with VIN(s) listed at the bottom or back of this page.

Dear Kenworth Customer,

This notice is sent to you in accordance with the requirements of the Canadian Environmental Protection Act, 1999.

Kenworth Truck Company has determined that certain chassis equipped with an Engine Model Year (EMY) 2026 PACCAR MX-11 or MX-13 engine have Operator's Manuals that may not contain the correct Base Emissions Warranty Limits table or general certification information.

The updated manual for review is available at:

Paccarpowertrain.com → Resources → Operator's Manuals → MX-11 – English

Paccarpowertrain.com → Resources → Operator's Manuals → MX-13 – English

What is the problem?

Certain vehicles produced with an EMY2026 MX engine do not include 50-state engine warranty term information in their operator's manual. This issue does not impact emissions.

What will your dealer do?

Kenworth will mail customer letters that include the correct warranty term information and instructions to store the letter with the manual.

What should you do?

Please make additional copies of this letter as needed. Insert this supplemental letter, which contains the correct Base Emissions Warranty Limits table and general certification information, into the respective Engine Warranty section of the operator's manual.
