IMPORTANT VOLUNTARY RECALL

This notice applies to your vehicle: [REDACTED]

July 2026

Dear [REDACTED],

American Honda Motor, Inc. is conducting a voluntary recall for ALL 2017 - 2024 NPS50 Ruckus scooters. Our records indicate that you may own one of these scooters. This notice is sent to you in accordance with the Environmental Protection Agency regulations. In April 2026, a notice was mailed to inform you about this defect and that replacement parts needed to perform the repair were unavailable. This notice is being sent to inform you that these parts are now available, and you can bring your vehicle in for a free repair.

Why my vehicle is under recall:

Recent testing has shown that the fuel filler cap gasket material may not meet federal evaporative emission certification standards due to a higher-than-expected permeation rate.

What Honda will do:

0010906
0000001

Your Honda Powersports dealer will replace the fuel filler cap gasket and fuel tank base gasket for **FREE**. Honda estimates that the repair will take approximately 45 minutes to complete. However, your dealer can provide you with a better estimate of the overall time for this service visit, as it may be necessary to make your vehicle available for a longer period of time.

What we need you to do:

Please call any authorized Honda Powersports dealer and schedule an appointment to have your vehicle repaired for **FREE**.

If you are not the only rider of this vehicle, please advise all other riders and passengers of this important information.

Emission Warranty

In order to ensure your full protection under the emission warranty provisions, it is recommended that you have your vehicle repaired as soon as you are notified that replacement parts are available. Failure to do so could be determined as lack of proper maintenance.
