

Technical Service Bulletin WSB-15 Repair Instructions

Purpose: To reprogram and recalibrate the tank monitors for the Wayfarer holding tanks.

Models involved: 2027 Wayfarers

FLAT RATE CODE & TIME ALLOWED: *When filing the warranty claim for payment, please use the following flat rate code. 8915SB00 Involved and repaired - 0.50 hours.* No additional authorization is required for work completed at the flat rate time. Use '**WSB15**' as the authorization number on claim for payment.

Tools Needed:

Trim removal tool (optional)

Parts Needed:

Provided flash drive w/ updated software
USB to Micro USB adapter

Repair instructions:

1. Remove the Spyder control screen from the b-pillar trim area on the passenger side of the coach. Carefully pry the outer trim away from the screen and remove it to access the tank sensor switch body. Figure 1

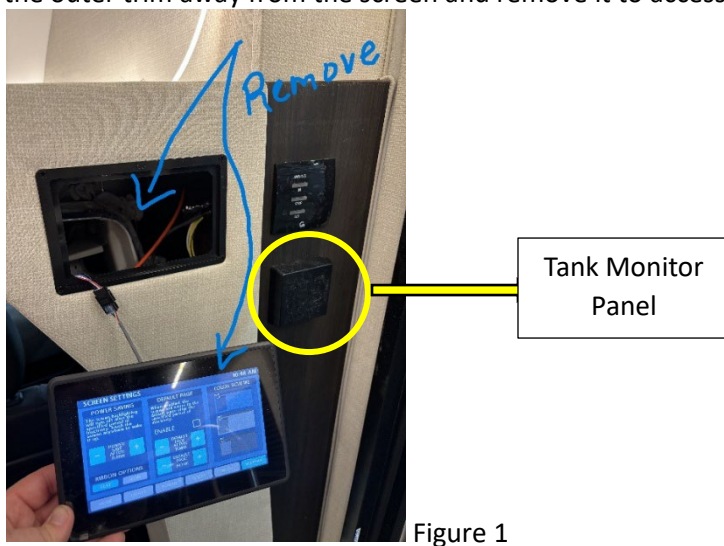

Figure 1

2. Reach in from the Spyder screen access and locate the back of the tank sensor switch body. This is retained with a plastic nut from behind.
3. Removing the nut while holding the face of the panel so that it doesn't fall out of the pillar. Figure 2

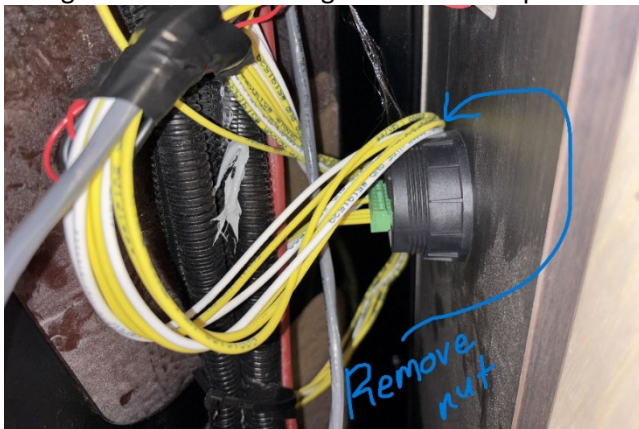

Figure 2

4. Remove the tank monitor panel from the pillar.
5. Use the provided USB to Micro USB Adapter to plug the provided USB programmed with the update file into the back of the monitor panel. (Figure 3 & 4) **Important:** Do not modify the name of the configuration files provided or they will not be read by the monitor.

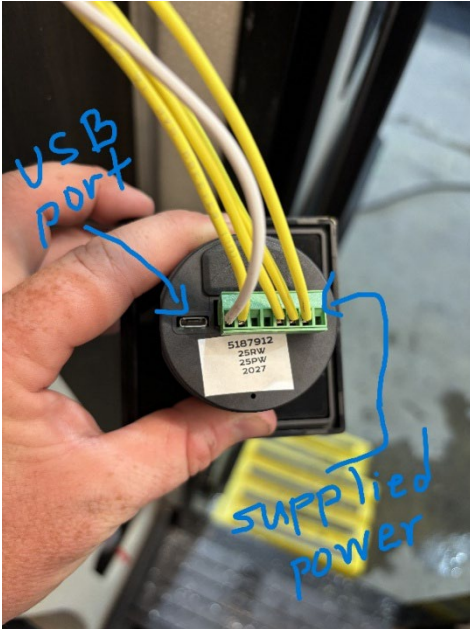

Figure 3

Figure 4

6. Power up the monitor, it will display "Blue Sea Systems" logo, a serial number and its current software version.
7. Wait 2-3 seconds and the screen will display a default home screen. Pressing any button will display a temporary pop-up menu, you will select any option by pressing the button underneath the display.
8. Select "SETUP" from the pop-up menu. Figure 5 & 6.

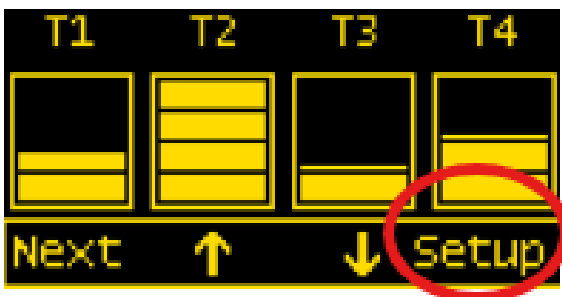

Figure 5

Figure 6

9. Scroll down on the menu to find the “READ CONFIG” option and select it. Figure 7

Figure 7

10. This will prompt to read configuration from the USB. Once that has been selected, the monitor will read the selected from the USB drive. Once complete, it should read “FLASH SUCCESSFUL” . Figure 8 & 9

Figure 8

Figure 9

11. Once the configuration has been updated, it should power cycle to the home screen. **NOTE:** If the monitor does not read the USB drive, remove power from the monitor, remove and re-insert the USB drive into the monitor and repeat steps 1-8.
12. Reinstall all removed components.

TECHNICAL SERVICE BULLETIN, VIN: WSB-15 Wayfarer Blue Seas Tank Monitor Update

July 20, 2026

Dear Tiffin Motorhome Owner,

It has come to our attention that certain 2027 Wayfarer Motorhomes need to have the programming updated for the holding tanks to read correctly.

Tiffin Motorhomes will provide programming information to update the Blue Seas Tank system.

Please take your motorhome to a service center of your choice to have the correction completed. This correction should take **30 minutes** or less and will be completed at no charge to you.

A list of Tiffin Motorhomes authorized dealers is available online at <https://tiffinmotorhomes.com/service-center-locations>. If you are using a service center that is not a Tiffin Motorhomes authorized repair facility, please make sure that they contact Tiffin Motorhomes for the required instructions and time allowed for the repair. Tiffin Motorhomes will not pay over the allowed time unless the repair facility receives prior authorization. For authorization, contact Tiffin Motorhomes at 256-356-0261 or service@tiffinmotorhomes.com.

This technical service bulletin will expire September 1, 2027. Please make sure that this update is completed prior to this date. Work completed after this date will be done at the customer's expense.

You may be liable for any progressive damage that results from your failure to complete this technical service bulletin within a reasonable time after receiving notification.

We regret any inconvenience this action may cause but feel certain you understand our interest in your continued use and enjoyment of your recreational vehicle.
