Software Update - Seat Control System

Seat Control Module J

As a reminder, ensure you have a recurring Software Update schedule set in order to receive important updates for your vehicle. Visit the Software Update settings in-vehicle or on your mobile app.

1

SCMJ-26.9.1.AL

"This software update contains the following key changes:

- We've improved how your vehicle's seat control system manages power when your vehicle is turned off. The seat control system will now properly enter a low-power mode shortly after you turn off your vehicle, preventing unnecessary battery drain."
