Body Control Module - BCM

BCM-26.7.1

Software Update - Body Control Module

Body Control Module

"To ensure remote start via your key fob & mobile app continue to work as expected, please start your vehicle and then turn it off at your earliest convenience. This is a one-time step required only after this module update to re-sync your features. Once completed, the feature will function normally.

As a reminder, ensure you have a recurring Software Update schedule set in order to receive important updates for your vehicle. Visit the Software Update settings in-vehicle or on your mobile app."

1

BCM-26.7.1

"This software update contains the following key changes:

- We've made general improvements to your vehicle's Body Control Module.

Because these are behind-the-scenes system improvements, you will not see any visible changes to your vehicle at this time."
