

Non -Compliance Recall Information (For Customer)

SUBARU NON-COMPLIANCE RECALL: WRH-26 Certification Label Non-Compliance

Subaru of America, Inc. (Subaru) has initiated a non-compliance recall for certain 2026 model year Crosstrek Hybrid vehicles, 2025-2026 model year Forester & Forester Hybrid vehicles, and 2019-2026 Ascent vehicles due to incorrect information listed on the certification label.

DESCRIPTION OF THE DEFECT AND SAFETY RISK

The affected vehicles were manufactured with an incorrectly stated GAWR on the Part 567 certification label. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) 110 "Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor /vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or less". An incorrectly stated GAWR may lead to vehicle overloading, increasing the risk of a crash.

WHAT WILL SUBARU DO

The remedy will include a corrective certification label overlay to be installed over the existing one. For all potentially affected vehicles, Subaru will mail a corrective certification label overlay to owners, including instructions on how to apply the label to their vehicle.

WHAT SHOULD YOU DO

We appreciate your patience as we acquire the labels for this recall. In the meantime, please refer to the information below for the correct tire load capacity for your vehicle:

Model	Trim	Full VIN starts with	ID Letter
2026 Forester Hybrid	Premium and Limited	4S	A
	Sport and Touring	4S	B
2025 Forester Hybrid	Premium and Limited	JF	C
	Sport and Touring	JF	D
2026 Crosstrek Hybrid	All affected	JF	F
2019-2026 Ascent	All affected	4S	H
2026 Forester (Gas)	All affected	4S	K
2025 Forester (Gas)	All affected	JF	M
