RE: 700 Series Pacesetter Front Header Connection Repair
Trailer Serial # TRAILER SERIAL NUMBERS

Dear Customer

Thank you for choosing Wilson Trailer Company as your hopper trailer supplier. We appreciate your business. An assembly error was made on trailer serial number(s) indicated in this letter. We would like to correct the error at no charge to you. This is an important update. Please contact one of the enclosed service facilities to schedule an appointment. You can expect this inspection and added work to take between 2-4 hours depending on the inspection findings. The shop would have parts at their location for this update. This update only affects the trailers built in Moberly MO.

If you have questions regarding the above, please feel free to contact Wilson Trailer Company at (800) 798-2002.
