

Condition

| Model(s) | Year(s) | VIN Range | Vehicle Specific Equipment      |
|----------|---------|-----------|---------------------------------|
| Q3       | 2026    | All       | PR Code 1N7<br>Dynamic steering |

Customer states:

Vibrations/noises while steering shortly before full lock.

Workshop findings:

The complaint occurs at almost full steering lock and when driving over uneven surfaces at a low speed of <15 km/h / <10 mph (refer to video) and can be assigned to the steering rack.

Documentation required

Technical Background

Due to high axle loads and the running-in behavior of the steering rack (mileages >100,000 km / >62,200 mi), the noise described above (vibration/rattling) may occur on vehicles with PR number 1N7.

The issue is purely comfort-related; the vehicle can always be steered.

The issue is purely comfort-related and only occurs in specific conditions (road surface/steering maneuver); the vehicle can always be steered.

Production Solution

None.

Service

None.

Warranty

None

## Additional Information

The issue is purely comfort-related and only occurs in specific conditions (road surface/steering maneuver); the vehicle can always be steered.
