Spare Parts Requirement for Door Window Pane - Supply Shortage: Procedure Until Parts are Available (56/26)

Model Line: **Taycan (Y1A/Y1B/Y1C)**
Panamera (YAA/YAB)
Cayenne (9YA/9YB)

Model Year: **from 2018 to 2025**

Concerns: Spare parts requirement for the door window pane

Cause: Due to a supplier change for the door window panes, it is possible that individual door window panes are currently not available.

Action: **If replacement is required due to a damaged door window pane, an alternative door window pane must be installed until further notice.**

Information

The alternatively installed door window pane can differ in color from the as-delivered condition and the other windows on the vehicle.

Depending on the availability of the regular door window pane for the respective affected vehicle - expected from **November 1, 2026** - re-installation with the correct door window pane can be carried out.

Porsche AG (PAG) bears the costs for re-installation. To do this, please attach a copy of this Technical Information (TI) to the warranty claim.

Information

In the tables below, you will find the part numbers of the door window panes that are currently not available in the "Part number" column. In the "Temporary installation" column, you will find the part number of the door window pane that can be installed in the vehicle as a temporary measure.

Taycan

Part Number	Temporary Installation
9J1845019FY	9J1845019J
9J1845020FY	9J1845020J
9J1845025GY	9J1845025M
9J1845026GY	9J1845026M
9J0845019BY	9J0845019E

Important Notice: Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. Part numbers listed in these bulletins are for reference only. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
