

UPDATED 08/24/2026 – PHASE 1 THROUGH 5 CAN BE REPAIRED.

CSP14 - MAZDA REAR BRAKE PAD WARRANTY EXTENSION

Only PHASE 1 THROUGH 5 can be repaired at this time. Please refer to the latest Dealer Email sent 8/24/2026 for all details regarding eligibility for repairs.

- **Please follow all updated diagnosis and repair guidelines in the TSB 04-003/26 SQUEAKING NOISE FROM REAR BRAKE or any future updated version of the TSB.**

WARRANTY EXTENSION

For certain 2024-2026MY CX-90 Vehicles Mazda is expanding the standard brake pad coverage from 1-year/12,000 miles to 3-years/36,000 miles to cover repairs related to rear brake squeal. The owner is eligible for a one-time replacement of redesigned rear brake pads at no cost if the brake squeal symptom matches a Technical Service Bulletin (TSB) which will be published prior to sending the Second notification. The redesigned brake pads will be covered under the vehicle's original 3-year/36,000-mile warranty, or 1 year/12,000 miles from installation whichever provides longer coverage.

LIMITATION OF WARRANTY – VEHICLE BRANDING – WARRANTY POLICY 3.4

For any Mazda Warranty including Warranty Extensions there is no coverage as outlined in "What Is Not Covered" in the Customer Warranty Booklet. There is no coverage for W-1 Total Loss vehicles or other Mazda Branding for brake components as outlined in Warranty Policy 3.4.

DETERMINATION IF VEHICLE IS ELIGIBLE FOR REPAIRS

****Please Note: The VINs below are ALL the VINs in the campaign, and within these, there are multiple phases. Each line does not represent a phase.****

See below to confirm if a VIN is within Phase 1 through 5.

- Customer has the letter stating parts are now available.
- Open the Look Up Tool: [CLICK HERE for the Look up Tool to confirm eligibility.](#)
- If not in Phase 1 through 5 the customer must wait until their letter is received for repairs.
