Release Summary

In this update, we're improving the reliability of Lucid Gravity's Driver Monitoring Camera and key fob detection.

Release Details

Drive Assist

We've improved the reliability of the Driver Monitoring Camera so that features that depend on driver awareness, including Hands-Free Drive Assist, work as expected.

Note: Hands-Free Drive Assist is available with DreamDrive™ 2 Pro.

Vehicle Access

We've improved your vehicle's ability to detect your key fob both inside and outside the vehicle for a more consistent and reliable access experience.
